## BIENNIAL OF THE AMERICAS AT TANIA DIBBS GALLERY

IN CELEBRATION OF the third year of the Biennial of the Americas—an international platform for leaders in business, government, civil society, and the arts to examine the significant issues impacting life in South, Central, and North America—Governor John Hickenlooper joined artist Tania Dibbs at the opening of her pop-up gallery on Aspen's Restaurant Row. Dibbs's work blends nature and abstract forms, offering insight into humanity's complicated relationship with the earth. Onlookers enjoyed cocktails and small bites as both Dibbs and Hickenlooper discussed the Biennial and the role of art in modern culture.
